Any tax paid by the consumer to the service provider shall be deemed to be held in trust by such provider until remitted to this jurisdiction.

In the case of multiple unit housing projects, including but not limited to apartments or condominiums, served by a master meter or by a central plant, the computation of tax shall be made as though each living unit in the project were separately billed or separately metered and billed. (2/5/01)

D. Computation of Bills Not On Monthly Basis. Bills shall be considered as monthly bills for the purposes of this ordinance if submitted 12 times per year of approximately one month each. Accordingly, the tax for a bi-monthly bill (approximately 60 days) shall be determined as follows: (i) the CCF will be divided by 2; (ii) a monthly tax will be calculated using the rates set forth above; (iii) the tax determined by (ii) shall be multiplied by 2; (iv) the tax in (iii) may not exceed twice the monthly “maximum tax”.

Sec. 6-12 Penalties (Amend. 9-25-00)

Any consumer of electricity or natural gas failing, refusing or neglecting to pay the tax imposed and levied under this ordinance, and any officer, agent or employee of any service provider violating the provisions of this ordinance shall, upon conviction thereof, be guilty of a Class I Misdemeanor. Each such failure, refusal, neglect or violation shall constitute a separate offense. Such conviction shall not relieve any person from the payment, collection and remittance of the tax as provided in this ordinance.

SERVICE ADDRESS means the location of the telecommunication equipment from which the telecommunication is originated, or at which the telecommunication is received by a consumer. However, if the service address is not a defined location, as in the case of maritime systems, air-to-ground systems and the like, service address shall mean the location of the subscriber's primary use of the telecommunication equipment within the licensed service area.

In case a bill is submitted by the seller for purchases made by the user during periods of greater than one month, then the amount of such bill subject to taxation hereunder shall be the amount in which a bill for the subject utility shall be taxed in a single month multiplied by the number of months for which the bill is submitted. Bills shall be considered monthly bills if submitted twelve (12) times per year for periods of approximately one month each.

Sec. 6-15 Local Mobile Telecommunication Tax (New 6-21-04)

This tax is imposed at a rate of ten percent (10%) of the monthly gross charge to a consumer of local mobile telecommunication services, but this tax shall not be imposed on any monthly gross charge in excess of \$30.00 per month for each mobile service consumer. A provider of local mobile telecommunications services shall collect the tax from each mobile service consumer by adding the tax to the monthly gross charge for such services. This tax shall, when collected by a mobile service provider, be stated as a distinct item separate and apart from the monthly gross charge. In addition to all other taxes of every kind now or hereinafter imposed by law, there is hereby levied and imposed by the Town upon every Dealer or Retail Dealer who sells or uses cigarettes within the Town from and after the effective date of this Article, an excise tax equivalent to fifty (50) cents for each package containing twenty (20) cigarettes and two and one half (2.5) cents for each cigarette contained in packages of fewer or more than twenty (20) cigarettes sold or used within the Town. The tax shall be paid and collected in the manner and at the time hereinafter prescribed; provided, that the tax payable for each cigarette or cigarette package sold or used within the Town shall be paid but once. The tax hereby levied shall not apply to free distribution of sample cigarettes in packages containing five or fewer cigarettes

Sec. 6-18 Methods of Collection.

The tax imposed by this Article shall be evidenced by the use of a stamp and shall be paid by each dealer or other person liable for the tax under a reporting method deemed by the Board to carry out the provisions of this Article. The stamps shall be affixed in such a manner that their removal will require continued application of water or steam. Each Dealer or other person liable for the tax is hereby required, and it shall be his duty, to collect and pay the tax and report separately for packages of twenty (20) cigarettes and packages of cigarettes which contain fewer or more than twenty (20) cigarettes on forms prescribed for this purpose by the Board:

- (1) The quantity of NVCTB stamped cigarettes sold or delivered to
 - (a) Each Registered Agent appointed by the Board for which no tax was collected;
 - (b) Each manufacturer's representative; and
 - (c) Each separate person and place of business within the Town during the preceding calendar or fiscal month; and
- (2) The quantity of NVCTB stamps on hand, both affixed and unaffixed on the first day and the last day of the preceding calendar or fiscal month and the quantity of NVCTB stamps or NVCTB stamped cigarettes received during the preceding calendar or fiscal month; and
- (3) The quantity of cigarettes on hand to which the NVCTB stamp had not been affixed on the first and the last day of the preceding calendar or fiscal month and the quantity of cigarettes received during the preceding calendar or fiscal month to which the NVCTB stamp had not been affixed; and
- (4) Such further information as the Administrator for the Board may require for the proper administration and enforcement of this Article for the determination of the exact number of cigarettes in the possession of each Dealer or user.

Each Dealer or other person liable for the tax shall file such reports with the Board and pay the tax due to the Board between the first (1st) and twentieth (20th) day after the close of each calendar or fiscal month, and shall furnish a copy of any cigarette tax reports submitted to the Department of Taxation for the previous month.

When, upon examination and audit of any invoices, records, books, cancelled checks or other memoranda touching on the purchase, sale, receipt, storage or possession of tobacco products taxed herein, any Dealer or other person liable for the tax is unable to furnish evidence to the Board of sufficient tax payments and stamp purchases to cover cigarettes which were sold, used, stored, received, purchased or possessed by him, the prima facie presumption shall arise that such cigarettes were received, sold, used, stored, purchased or possessed by him without the proper tax having been paid. The Board shall, from the results of such examination and audit based upon such direct or indirect information available, assess the tax due and unpaid and impose a penalty of ten (10) per cent and interest of three-quarters ($\frac{3}{4}$) per cent per month of the gross tax due.

When any Dealer or other person liable for the tax files a false or fraudulent report or fails to file a report or fails to perform any act or performs any act to evade payment of the tax, the Board shall administratively assess the tax due and unpaid and impose a penalty of fifty (50) per cent and interest of three-quarters ($\frac{3}{4}$) per cent per month of the gross tax due.

The Dealer or other person liable for the tax shall be notified by certified mail of such deficiency and such tax, penalty and interest assessed shall be due and payable within ten (10) days after notice of such deficiency has been issued. Every Dealer or other person liable for the tax shall examine each package of cigarettes to insure that the NVCTB stamp has been affixed thereto prior

to offering them for sale.

Any Dealer or other person liable for the tax who shall receive cigarettes not bearing the NVCTB stamp shall, within one hour of receipt of such cigarettes, commence and with all reasonable diligence continue to affix the NVCTB stamp to each and every package of cigarettes until all unstamped packages of cigarettes have been stamped and before offering such cigarettes for sale. Any Dealer or other person liable for the tax who has notified the Board that he is engaged in interstate or intrastate business shall be permitted to set aside such part of his stock as may be legally kept for the conduct of such interstate or intrastate business (that is, cigarettes held for sale outside the jurisdiction of the Board) without affixing the stamps required by this Article. Any such interstate or intrastate stock shall be kept entirely separate and apart from the NVCTB stamped stock, in such a manner as to prevent the co-mingling of the interstate or intrastate stock with the NVCTB stock. Any Dealer or other person liable for the tax found to have had untaxed cigarettes which have been lost whether by negligence, theft, or any other unaccountable loss, shall be liable for and shall pay the tax due thereon.

It shall also be the duty of each Dealer or other person liable for the tax and he is hereby required to maintain and keep for a period of three (3) years, not including the current calendar year, records of cigarettes received, sold, stored, possessed, transferred or handled by him in any manner whatsoever, whether the same were stamped or unstamped, to make all such records available for audit, inspection and examination and to make available at all reasonable times, the means, facilities and opportunity for making such audit, inspection or examination upon demand of the Board.

Sec. 6-19 Registered Agents. (Emer. 6-84; Reg. 7-84)

Any Dealer or other person liable for the tax who shall sell, use, store, possess, distribute, or transport cigarettes within or into the Town, shall first make application to the Board to qualify as a Registered Agent. Such application blank, which shall be supplied upon request, shall require such information relative to the nature of the business engaged in by said applicant as the Board deems necessary. Such applicant shall provide a surety bond to the Board of one hundred and fifty (150) per cent of the average monthly tax liability or fifty thousand (50,000) dollars, whichever is less, with a surety company authorized to do business in the State of Virginia. Such bond shall be so written that, on timely payment of the premium thereon it shall continue in force from year to year. Any applicant whose place of business is outside the Town shall automatically, by filing his application, submit himself to the Board's legal jurisdiction and appoint the Administrator for the Board as his agent for any service of lawful process.

Upon receipt of the properly completed application, and the required surety bond executed, the Board shall issue to said applicant a permit to qualify him as a Registered Agent to purchase, sell, use, store, possess, distribute or transport within or into the Town, NVCTB stamped cigarettes.

The Registered Agent shall agree to the reporting and payment requirements placed upon him by this Article and the rules and regulations as from time to time may be promulgated by the Board. In his reporting and payment of the tax, the Registered Agent shall be allowed a discount, as the Board may be determined not to exceed .000175 cents per package sold or delivered by him. When any Registered Agent's monthly report and payment of the tax is not received within the dates prescribed, the Board shall disallow any discount taken up to a maximum amount of five hundred

(500) dollars, and shall impose a late reporting penalty of ten (10) per cent of the gross tax due or ten (10) dollars, whichever is greater, but in no event more than five hundred (500) dollars. The Board may also require such Registered Agent to provide proof that he has complied with all applicable State laws to legally conduct such business and to file financial statements showing all assets and liabilities. The Board may revoke any Registered Agent's permit if such bond, as required, is impaired for any reason.

After adoption of this Article, Dealer or other persons liable for that tax who shall sell, use, store, possess, distribute or transport tobacco products within or into the Town, shall be allowed thirty (30) days to become qualified as a Registered Agent.

Sec. 6-20 Notice of Intention By Retail Dealers. (Emer. 6-84; Reg. 7-84)

Retail Dealers who shall sell, offer for sale, store, possess, distribute, purchase, receive or transport cigarettes in or into the Town shall notify the Board, in writing, of the supplier of such cigarettes and the name and address and the Virginia Retail Sales and Use Certificate of Registration number for each separate place of business. Possession of a Virginia State Retail Sales and Use Tax Certificate and, where applicable, both a retail business license and a retail tobacco license issued by the Town for each separate place of business by a Retail Dealer, shall be considered sufficient written notification to the Board.

No Retail Dealer, as defined herein, who shall have complied with the provisions of this Article and who purchases only tax paid NVCTB stamped cigarettes for each separate place of business shall be required to qualify as a Registered Agent.

Sec. 6-21 Presumption of Violation Against Dealer.

Any Dealer or other person liable for the tax found to possess any cigarettes without the tax paid NVCTB stamp affixed who is not in the process of affixing such stamps thereto, shall be presumed to be in possession of untaxed cigarettes in violation of this Article.

Any cigarettes placed in any coin operated vending machine shall be presumed for sale within the Town. Any vending machine located within the Town containing cigarettes upon which the NVCTB stamp has not been affixed or containing cigarettes placed so as to not allow visual inspection of the NVCTB stamp through the viewing area as provided for by the vending machine manufacturer shall be presumed to contain untaxed cigarettes in violation of this Article.

Any cigarettes, coin operated vending machines, counterfeit stamps, or other property found in violation of this Article shall be declared contraband goods and may be seized by the Board. In addition to any tax due, the Dealer or other person liable for the tax possessing such untaxed cigarettes shall be subject to civil and criminal penalties herein provided.

In lieu of seizure, the Board may seal such vending machines to prevent continued illegal sale or removal of such cigarettes. The removal of such seal from a vending machine by any unauthorized person shall be a violation of this Article. Nothing in this Article shall prevent the seizure of any vending machine at any time after it is sealed.

All cigarette vending machines shall be plainly marked with the name, address and telephone number of owner of said machine.

Sec. 6-22 Illegal Acts.

It shall be unlawful and a violation of this Article for any Dealer or other person liable for the tax:

A. To perform any act or fail to perform any act for the purpose of evading the payment of any tax imposed by this Article or of any part thereof, or to fail or refuse to perform any of the duties imposed upon him under the provisions of this Article or to fail or refuse to obey any lawful order which may be issued under this Article; or

B. To falsely or fraudulently make, or cause to be made, any invoices or reports, or to falsely or fraudulently forge, alter or counterfeit any stamp, or to procure or cause to be made, forged, altered or counterfeited any such stamp, or knowingly and willfully to alter, publish, pass or tender as true any false, altered, forged or counterfeited stamp or stamps; or

C. To sell, offer for sale, or authorize or approve the sale of any cigarettes upon which the NVCTB stamp has not been affixed; or

D. To possess, store, use, authorize or approve the possession, storage or use of any cigarettes in quantities of more than sixty (60) packages upon which the NVCTB stamp has not been affixed; or

E. To transport, authorize or approve the transportation of any cigarettes, in quantities of more than sixty (60) packages into or within the Town upon which the NVCTB stamp has not been affixed if they are:

(1) Not accompanied by a bill of lading or other document indicating the true name and address of the consignor or seller and the consignee or purchaser and the brands and quantity of cigarettes transported; or

(2) Accompanied by a bill of lading or other document which is false or fraudulent in whole or part; or

(3) Accompanied by a bill of lading or other document indicating:

(i) A consignee or purchaser in another state or the District of Columbia who is not authorized by the law of such other jurisdiction to receive or possess such tobacco products on which the taxes imposed by such other jurisdiction have not been paid unless the tax of the state or district of destination has been paid and said cigarettes bear the tax stamps of that state or district; or

(ii) Consignee or purchaser in the Commonwealth of Virginia but outside

the taxing jurisdiction who does not possess a Virginia Sales and Use Tax Certificate, a Virginia retail tobacco license and, where applicable, both a business license and a retail tobacco license issued by the local jurisdiction of destination; or

F. To reuse or refill with cigarettes any package from which cigarettes have been removed, for which the tax imposed has been theretofore paid; or

G. To remove from any package any stamp with intent to use or cause the same to be used after the same have already been used or to buy, sell, or offer for sale or give away any used, removed, altered or restored stamps to any person, or to reuse any stamp which had theretofore been used for evidence of the payment of any tax prescribed by this Article or to sell, or offer to sell, any stamp provided for herein.

Sec. 6-23 Establishment of the NVCTB.

The Resolution adopted by the Vienna Town Council, dated 6-15-70, pertaining to the establishment of the Northern Virginia Cigarette Tax Board is hereby continued in effect and made a part of this Article by reference.

Any inconsistencies between the powers granted to the Board in the Resolution adopted by the Vienna Town Council, dated 6-15-70, and herein incorporated by reference and the powers granted to the Board in Section 6-24 shall be resolved in favor of those provisions in Section 6-24.

E. The Board may exchange information relative to the sale, use, transportation or shipment of cigarettes with an official of any other jurisdiction entrusted with the enforcement of the cigarette tax laws of said other jurisdiction.

Sec. 6-25 Jeopardy Assessment.

If the Administrator for the Board determines that the collection of any tax or any amount of tax required to be collected and paid under this Article, will be jeopardized by delay, he shall make an assessment of the tax or amount of tax required to be collected and shall mail or issue a notice of such assessment to the taxpayer together with a demand for immediate payment of the tax or of the deficiency in tax declared to be in jeopardy including penalties and interest. In the case of a current period, for which the tax is in jeopardy, the Administrator may declare the taxable period of the taxpayer immediately terminated and shall cause notice of such finding and declaration to be mailed or issued to the taxpayer together with a demand for immediate payment of the tax based on the period declared terminated and such tax shall be immediately due and payable, whether or not the terms otherwise allowed by this Article for filing a return and paying the tax has expired.

Sec. 6-26 Erroneous Assessment; Notices and Hearings in the Event of Sealing of Vending Machines Or Seizure of Contraband Property.

Any person assessed by the Board with a cigarette tax, penalties and interest or any person whose cigarettes, vending machines and other property have been sealed or seized under processes of this Article, who has been aggrieved by such assessment, seizure, or sealing may file a request for a hearing before the Administrator for the Board for a correction of such assessment and return of such property seized or sealed.

Where holders of property interest in cigarettes, vending machines or other property are known at time of seizure or sealing, notice of seizure or sealing shall be sent to them by certified mail within twenty-four (24) hours. Where such holders of property interests are unknown at time of seizure or sealing, it shall be sufficient notice to such unknown interest holders to post such notice to a door or wall of the room or building which contained such seized or sealed property. Any such notice of seizure or sealing shall include procedures for an administrative hearing for return of such property seized or sealed as well as affirmative defenses set forth in this section which may be asserted.

Such hearing shall be requested within ten (10) days of the notice of such assessment, seizure, or sealing and shall set forth the reasons why said tax, penalties and interest and cigarettes, vending machines or other property should be returned or released. Within five (5) days after receipt of such hearing request the Administrator shall notify the petitioner by certified mail of the date and time for the informal presentation of evidence at a hearing to be held within fifteen (15) days of the date notification is mailed. Any such request for hearing shall be denied if the assessed tax, penalties and interest has not been paid as required or if the request is received more than ten (10) days from the first notice to the petitioner of such seizure or sealing. Within five (5) days after the hearing, the Administrator shall notify the petitioner, by registered mail, whether his request for a correction has been granted or refused.

Appropriate relief shall be given by the Administrator if he is convinced by the preponderance of the evidence that the illegal sale or use of such seized cigarettes or vending machine or other property was not intentional on the part of the petitioner, and that said seized cigarettes were in the possession of a person other than the petitioner without the petitioner's consent at the time said cigarettes, vending machines or other property were seized or sealed or that petitioner was authorized to possess such untaxed cigarettes. If the Administrator is satisfied that the tax was erroneously assessed, he shall refund the amount erroneously assessed together with any

interest and penalties paid thereon and shall return any cigarettes, vending machines or other property seized or sealed to the petitioner. Any petitioner who is unsatisfied with the written decision of the Board may within thirty (30) days of the date of said decision, appeal such decision to the appropriate Court in the jurisdiction where the seizure or sealing occurred.

Sec. 6-27 Disposal of Seized Property.

Any seized and confiscated cigarettes, vending machines or other property used in the furtherance of any illegal evasion of the tax may be disposed of by sale or other method deemed appropriate by the Board after any petitioner has exhausted all Administrative appeal procedures. No credit from any sale of cigarettes, vending machines, or other property seized shall be allowed toward any tax and penalties assessed.

Sec. 6-28 Extensions.

The Administrator, upon a finding of good cause may grant an extension of time to file a tax report upon written application therefor, until the end of the calendar or fiscal month in which any tax report is due hereunder, or for a period not exceeding thirty (30) days. In no case shall a request for an extension of time to file a tax report be granted by the Administrator when such request is not received within the due date for filing such tax report. Except as hereinafter provided, no interest or penalty shall be charged, assessed or collected by reason of the granting of such an extension. Where such extension is granted beyond the end of the calendar or fiscal month in which any tax report is due, hereunder, interest on the tax at the rate of three-quarters ($\frac{3}{4}$) of one (1) percent per month shall be charged.

Sec. 6-29 Penalty For Violations of Chapter.

Any persons violating any of the provisions of this Article shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than one thousand (1,000) dollars or imprisonment for not more than twelve (12) months or by both such fines and imprisonment. Such fine and/or imprisonment shall not relieve any such person from the payment of any tax, penalty or interest imposed by this Article.

Sec. 6-30 Each Violation a Separate Offense.

The sale of any quantity or the use, possession, storage or transportation of more than sixty (60) packages of cigarettes upon which the NVCTB stamp has not been affixed shall be and constitute a separate violation. Each continuing day of violation shall be deemed to constitute a separate offense.

Sec. 6-31 Severability.

If any section, phrase, or part of this Article should for any reason be held invalid by a Court of competent jurisdiction, such decision shall not affect the remainder of the Article; and every remaining section, clause, phrase or part thereof shall continue in full force and effect.

ARTICLE 6

PARTIAL PROPERTY TAX EXEMPTION FOR CERTAIN REHABILITATED
REAL PROPERTY (New 3-98; 06-02)

Sec. 6-60 Definitions (New 3-98)

The words and phrases defined in this section, when used in this article, shall have the following meaning except in those instances where the context clearly indicates a different meaning:

"COMMERCIAL USE" means improved real property that is used for non-residential commercial purposes and zoned, C-1, C-1A, C-2, CM or CMP by the Town Zoning Laws but that term does not include any property zoned C-1B or any hotel.

"DIRECTOR" means the Director of Finance for the Town of Vienna or the designated agent for that director.

"HOTEL" means those structures which provide lodging for transients as defined by Section 18-4 of the Vienna Town Code.

"MULTI-FAMILY RESIDENTIAL REAL ESTATE" means improved real property zoned and used pursuant to Article 9, Section 18-55 et. seq. of the Zoning Ordinance of the Town of Vienna, but that term does not include any hotel.

"QUALIFYING PROPERTY" means an improvement to real property that is qualified to receive a tax credit pursuant to this Article.

"RESIDENTIAL REAL ESTATE" means improved real property used for residential purposes and zoned RS-16, RS-12.5, RS-10, RTH, RM-2 in the Zoning Ordinance of the Town of Vienna.

Section 6-61 Partial property tax exemption for certain rehabilitated, renovated or replacement residential structures (New 3-98; 6-02)

A. This Section authorizes a partial exemption for improved real property from the general real estate tax by providing tax credits for real property that is rehabilitated, renovated or replaced in accordance with Virginia Code §58.1-3220 and the provisions of this Article. For purposes of this Section, residential real estate shall be deemed to be substantially rehabilitated, renovated or replaced when a structure, which is no less than twenty-five years old, has been so improved or replaced so that the fair market value of the improved or replacement structure is

§ 6-61

Vienna Town Code

§ 6-61

increased by no less than twenty-five percent. Multi-family residential real estate shall be deemed to be substantially rehabilitated, renovated or replaced when a residential structure, which is no less than twenty-five years old, has been so improved or replaced so that the fair market value of the improvement to the property is increased by no less than forty percent.

In addition to all other qualification criteria set forth in this Article, the resultant dimensional footprint of residential real estate and multi-family residential real estate that is substantially rehabilitated, renovated or replaced may not exceed the total square footage of the footprint of the original, unimproved structure by more than thirty percent and be eligible for the tax credits authorized by this Section and may not cause lot coverage of the site to exceed twenty-five percent or such other lawful percentage as otherwise provided by variance previously ordered by the Board of Zoning Appeals. If residential real estate contains more than one residential structure, then each improved or replaced structure shall not exceed the total square footage of the footprint of each corresponding original, unimproved structure by more than thirty percent nor cause lot coverage of the site to exceed twenty-five percent or such other lawful percentage as otherwise provided by variance previously ordered by the Board of Zoning Appeals.

For the purposes of this section the word footprint shall mean that product obtained by multiplication of the dimensional length of the original structure by its dimensional width.

No improvements made to unimproved real property, or to any building lot created by a subdivision approved subsequent to March 2, 1998 on which lot no qualifying structure preexists the subdivision, shall be eligible for partial property tax exemption pursuant to this Section. No property shall be eligible for a partial property tax exemption pursuant to this Section unless all appropriate building permits have been acquired for the substantial rehabilitation, renovation or replacement of the structure on the property. No property shall be eligible for a partial property

tax exemption pursuant to this Section if that property is substantially rehabilitated by the demolition and replacement of the structure that (i) is a registered Virginia landmark or (ii) is determined by the Department of Historic Resources to contribute to the significance of a registered historic district.

B. The owner of any residential real estate or multi-family residential real estate who seeks to obtain the partial property tax exemption authorized by this Section shall apply for such an exemption to the Director at the same time that the owner applies for a building permit to rehabilitate, renovate, or replace a structure. Upon receipt of an application for partial property tax exemption, the Director shall determine a base fair market value assessment (hereinafter "Base Value") for the structure prior to commencement of rehabilitation, renovation or replacement. The base fair market value assessment shall be determined by either an assessment for the purposes of Fairfax County taxation made at the time of the owner's application for exemption or, in the absence of same, by applying that most recent assessment previously made for the purposes of Fairfax County taxation. That Base Value shall serve as the basis for

§ 6-61

Finance and Taxation

§ 6-61

determining whether the rehabilitation, renovation, or, replacement increases the fair market value of the structure by at least twenty-five percent in the case of residential real estate and forty percent of multi-family residential real estate. The application to qualify for tax exemption shall be effective until December 31 of the third calendar year following the year in which application is submitted. If by such expiration date, rehabilitation, renovation, or replacement has not been progressed to such a point that the assessed fair market value of the improvement to the property is at least the minimum required percent greater than the Base Value of such structure, and if the applicant desires to proceed with the application, then a new application for partial tax exemption shall be filed with the Director, and thereafter the Director shall establish a new Base Value. All initial and subsequent applications for the partial exemption authorized by the Section shall be accompanied by payment of a non-refundable \$50.00 fee for processing the application. During the period between the receipt of the application and the time when the Director may ascertain that the fair market value of the structure has increased in value by at least the minimum percent specified in Paragraph A of this Section, the owner of the property shall be subjected to real property taxation upon the full fair market value of the property. At any time prior to November 1 of any calendar year in which rehabilitation, renovation or replacement of a structure is complete, an owner may submit a written request to the Director to inspect the structure to determine if it qualifies for a partial real property tax exemption. After the Director has determined that the assessed fair market value of a substantially rehabilitated, renovated or replaced structure exceeds the Base Value by the percentage specified by Paragraph A of this Section, the tax exemption shall become effective beginning on January 1 of the next calendar year.

C. Subject to the provisions of Paragraph D of this Section and to Section 6-64, the owner of any residential or multi-family residential structure qualifying for partial exemption from the real estate tax because of substantial rehabilitation, renovation or replacement shall be issued a credit for the general real property tax otherwise due on the fair market value of that

property in an amount that is equal of the real property tax levy calculated on the difference in value between the Base Value and the initial fair market value of the substantially rehabilitated, renovated or replaced structure. That credit shall be applied for each year of the ten-year period following completion of the substantial rehabilitation, renovation or replacement. In each year of the four-year period following the initial ten-year period, owner of the qualifying property shall be issued a credit for the real estate tax otherwise due on the fair market value of that property in an amount equal to the value of the real property tax levy calculated on the difference in value between the Base Value and the initial fair market value of the substantially rehabilitated, renovated or replaced structure, less twenty percent for each year following the expiration of the initial ten-year period exemption. Credits against the real estate tax for any residential or multi-family real estate qualifying pursuant to this Section shall not run with the land but shall apply only to owner or owners on the date the tax exemption becomes effective and except as otherwise provided by Paragraph D of this Section and by Section 6-64, the owner or owners of such property, so long as they remain the sole owners of said property during each of the fourteen years of the exemption period shall be entitled to receive a credit in the amount specified by this

§ 6-61

Vienna Town Code

§ 6-62

paragraph. All exemptions and credits shall automatically cease and be void upon transfer of ownership whether by contract, testamentary disposition or descent and distribution.

D. In the event that the fair market value of a qualifying residential or multi-family residential structure increases after the first year of such substantial rehabilitation, renovation or replacement, the credit specified in Paragraph C of this Section shall not be increased. In the event that the fair market value of a qualifying property decreases after the first year of substantial rehabilitation, renovation, or replacement, the credit specified in Paragraph C of this Section shall be limited to the extent that the credit shall not reduce the real property tax on a qualifying property below an amount equal to the amount of the real property tax computed on the Base Value. If any tax credit computed in accordance with Paragraph C of this Section is reduced in accordance with this Paragraph, that credit reduction shall not be applied to any other property or to real property taxes assessed in any other calendar year. If the fair market value of any qualifying property decreases below the Base Value, then that qualifying property shall be assessed at full market value, and no credit against the general real property tax shall be allowed. If no tax credit can be granted because the fair market value of a qualifying property is below the Base Value, that unused credit shall not be applied to any other property or to real property taxes assessed in any other calendar year.

E. In determining the Base Value of any structure, and in determining whether any structure has been substantially rehabilitated, renovated, or replaced to the extent that the fair market value of the improved or replaced structure exceeds the Base Value by the percent specified in this Section, the Director shall employ usual and customary methods of assessing real property and improvements thereon and shall be bound by the values established by assessment for the purpose of Fairfax County Taxation.

F. This Section shall be applicable to assessments of qualifying residential and multi-family residential real estate made on and after January 1, 1998. However, no new application for partial property tax exemption shall be accepted after September 1, 2007.

Section 6-62 Partial property tax exemption for certain rehabilitated, renovated or replacement commercial structures (New 3-98; 6-02)

A. This Section authorizes a partial exemption for improved real property from the general real estate tax by providing tax credits for real property that is substantially rehabilitated, renovated or replaced in accordance with Virginia Code § 58.1-3221 and the provisions of this Article. For purposes of this Section, any structure that is substantially rehabilitated, renovated or replaced for commercial use shall be deemed to be substantially rehabilitated, renovated or replaced when a structure, which is no less than twenty-five years old, has been so improved or replaced so that the fair market value of the improved or replaced structure to the property is increased by no less than forty percent.

§ 6-62

Finance and Taxation

§ 6-62

In addition to all other qualification criteria set forth in this Article, no commercial structure on property that has been substantially rehabilitated, renovated or replaced may exceed the total square footage of the original unimproved structure by more than one hundred percent and be eligible for the tax credits authorized by this Section. If such commercial property contains more than one structure, then each improved or replacement structure may exceed the total square footage of each corresponding original, unimproved structure by no more than one hundred percent.

No improvements made to unimproved real property, or to any building lot created by a subdivision approved subsequent to March 2, 1998 on which lot no qualifying structure preexists the subdivision, shall be eligible for a partial property tax exemption pursuant to this Section. No property shall be eligible for a partial property tax exemption pursuant to this Section unless all appropriate building permits have been acquired for substantial rehabilitation, renovation or replacement of the structure on the property. No property shall be eligible for a partial property tax exemption pursuant to this Section if that property is substantially rehabilitated by the demolition and replacement that (i) is a registered Virginia landmark or (ii) is determined by the Department of Historic Resources to contribute to the significance of a registered historic district.

B. The owner of any property who seeks to obtain the partial property tax exemption authorized by this Section shall apply for such an exemption to the Director at the same time that the owner applies for a building permit to rehabilitate, renovate or replace a structure. Upon receipt of an application for partial property tax exemption, the Director shall determine a base fair market value assessment (hereinafter "Base Value") for the structure prior to commencement of rehabilitation, renovation or replacement. The base fair market value assessment shall be determined by either an assessment for the purposes of Fairfax County taxation made at the time

of the owner's application for exemption or, in the absence of same, by applying that most recent assessment previously made for the purposes of Fairfax County taxation. That Base Value shall serve as the basis for determining whether the rehabilitation, renovation or replacement increases the fair market value of the structure by at least forty percent. The application to qualify for tax exemption shall be effective until December 31 of the third calendar year following the year in which application is submitted. If by such expiration date, rehabilitation, renovation or replacement has not progressed to such a point that the assessed fair market value of the improvement to the property is at least the minimum required percent greater than the Base Value of such structure, and if the applicant desires to proceed with the application, then a new application for partial tax exemption authorized by this Section shall be filed by the Director, and thereafter the Director shall establish a new Base Value. All initial and subsequent applications for the partial exemption authorized by this Section shall be accompanied by payment of a non-refundable \$50.00 fee for processing the application. During the period between the receipt of the application and the time when the Director may ascertain that the fair market value of the structure has increased in value by at least the minimum percent specified in Paragraph A of this Section, the owner of the property shall be subject to real property taxation upon the fair market value of the property. At any time prior to November 1 of any calendar year in which

§ 6-62

Vienna Town Code

§ 6-62

rehabilitation, renovation or replacement of a structure is complete, an owner may submit a written request to the Director to inspect the structure to determine if it then qualifies for a partial real property tax exemption. After the Director has determined that the assessed fair market value of a substantially rehabilitated, renovated or replaced commercial structure exceeds the Base Value by the percentage specified by Paragraph A of this Section, the tax exemption shall become effective beginning on January 1 of the next calendar year.

C. Subject to the provisions of Paragraph D of this Section and to Section 6-64, the owner of any commercial structure qualifying for partial exemption from the real estate tax because of substantial rehabilitation, renovation or replacement shall be issued a credit for the general real property tax otherwise due on the fair market value of that structure in an amount that is equal to the value of the real property tax levy calculated on the difference in value between the Base Value and the initial fair market value of the substantially rehabilitated, renovated or replaced structure. That credit shall be applied for each year of a ten-year period following completion of the substantial rehabilitation, renovation or replacement. In each year of a four-year period following the initial ten-year period, the owner of the qualifying property shall be issued a credit for the real estate tax otherwise due on the fair market value of that property in an amount equal to the value of the real property tax levy calculated on the difference in value between the Base Value and the initial fair market value of the substantially rehabilitated, renovated or replaced structure, less twenty percent for each year following the expiration of the initial ten-year period exemption. Credits against the real estate tax for any structure qualifying pursuant to this Section shall not run with the land, and except as otherwise provided by Paragraph D of this Section and by Section 6-64, the owner of such structure, so long as such owner remains the sole owner of said structure, during each of the fourteen years of the exemption period, shall be entitled to receive a credit in the amount specified by this Paragraph.

All exemptions and credits shall automatically cease and be void upon transfer of ownership whether by contract, testamentary disposition or descent and distribution.

D. In the event that the fair market value of a qualifying property increases after the first year of such substantial rehabilitation, renovation or replacement, the credit specified by paragraph C of this section shall not be increased. In the event that the fair market value of a qualifying property decreases after the first year of substantial rehabilitation, renovation or replacement, the credit specified in paragraph C of this section shall be limited to the extent that the credit shall not reduce the real property tax on a qualifying property below an amount equal to the amount of the real property tax computed on the base value. If any tax credit computed in accordance with paragraph C of this section is reduced in accordance with this paragraph, that credit reduction shall not be applied to any other property or to real property taxes assessed in any other calendar year. If the fair market value of any qualifying property decreases below the base value, then that qualifying property shall be assessed at full fair market value, and no credit against the general real property tax shall be allowed.
